MAG SERIES

• STEP 1 - MATCH

Be sure to match the correct **VIPERTOOL** attachment to your brand and model.

NOTE: Compatibility will be shown on the product package.

• STEP 2 - PREP

Remove any existing attachments currently on the base mounting points of your tool using a screw driver or hex key.

• STEP 3 - INSTALL

Install your new attachment using the provided stainless steel screw. Be sure not to over-tighten.

Stainless
Steel Screw

• STEP 4 - WORK!

Now that you have your new attachment installed it's time to get to work!

Efficiency, speed, and quality are now within reach. Welcome to the team!
